Dear Congress Participant,

We have already started to work on the 7th of the Food Safety Congress, which is the only international congress on Food Safety Theme in our country and in our region. At the 7th International Food Safety Congress, which will be held this year with the motto “Safe food for now and future”, together with the Ministry of Agriculture and Forestry, the Ministry of Health, the relevant public institutions, universities, professional organizations, sector representatives and civil society organizations, we will have the opportunity to evaluate the developments together by focusing on both today and the future.

Our effective cooperation with all stakeholders and supporting institutions as well as the Ministry of Agriculture and Forestry and the International Food Protection Association (IAFP), which has always been with us since our first congress, has been an effective instrument in the development of our mission and responsibilities.

Within the scope of the 7th International Food Safety Congress, we will be able to present to you our vision on new topics, the best practices, opportunities, dangers and new food safety technologies which will be presented by the leading experts from all over the world. We hope that our participants will appreciate it.

We will be happy to be together with you again at our congress which is the meeting point of Food Safety.

Hope to meet you at Grand Cevahir Hotel & Convention Center between the dates 4-5 June 2020...

Yours Sincerely

Samim Saner
President
7th International Food Safety Congress
COMMITTEES

Congress President
Samim Saner - Turkish Food Safety Association

Congress Coordinator
Petek Ataman - Turkish Food Safety Association

Congress Executive Committee Members
• Petek Ataman - Turkish Food Safety Association

The official languages of the congress are Turkish and English. Submissions other than the Turkish Language will be made in English and simultaneous translation will be available all halls.

**Badge**
We kindly ask you to put the badge given to you in registration, during the congress.

**Participation Certificate**
You can get your participation certificate from the registration desk at the end of the congress.

**Invitation Letter**
An invitation letter will be send upon request to those who wants to join the congress by getting permission from the institutions they work for.

The invitation letter does not cover registration fee or other expenses. It is not a registration confirmation.

To apply for an invitation letter contact: muhteber.ersin@ggd.org.tr
Abstract Submissions sent to 7th International Food Safety Congress will only be accepted via the electronic system (abstractagent) in Congress’ web site. The candidates must first sign into the system then follow the steps and send their submissions. After your submission is successfully received you will receive an e-mail from the system. Only submissions that are complete and correctly sent will be evaluated by the commission, any incomplete submission will be directly deleted from the system. If you didn’t receive an e-mail your submission might not have been successfully received. Please check.

Latest date of sending of the abstarcts is 13 December 2019, any abstract sent after this date will not be evaluated. Abstract submissions can be made in two ways, poster or oral. The Scientific Committee has the right to change the presentation form within consideration of these preferences. Presentations are limited to 20 minutes and it is important for you to follow the indicated rules.

Evaluation and Publishing the Abstracts
The abstracts will be evaluated by at least 2 (two) members from the Scientific Committee in a way that the applicant’s identity will not be visible, the results of the evaluation, acceptance or rejection letters and the form of presentation (oral/poster) will be given to the applicants at least by 17 January 2020. If deemed necessary, the abstract will be sent to the third referee for consideration.

In order to complete the registration process, the registration form in the website must be filled in sent and finally the registration fee must be deposited to the indicated bank account. For detailed information on registration please browse our site’s “Registration and Accommodation” section. Participants whose submissions were accepted and who wants to benefit from early registration discount must complete their registrations until 31st March 2020, the last date for early registration.
A digital version of all abstracts will be given to each participant and also will be electronically published on the Congress’ web site. Following the presentations at the congress, the full text of the authors will be published in the congress e-leaflet in electronic media and the full texts must be submitted by 10 July 2020. Full texts coming after this date will not be taken into consideration.

Principles of Preparing an Abstract Submission
Abstracts submissions must be directly related to congress’ topics and submission will be made over an electronic system in Turkish and English languages. The content and typos and grammar are under the responsibility of the author/s. The Scientific Committee will not make any corrections on the abstracts.
ABSTRACT SUBMISSION

Abstracts must be minimum 480 words, maximum 600 words in total (excluding the titles and address) and they must contain following sections; Previews will be performed by the secretariat and the abstracts that do not follow the respective word counts will be returned to the author to be corrected by them.

Research Based Abstracts

- Title
- Research hypothesis (40-50 words. This section should include the reasoning of the research subject and the scientific background of it clearly.)
- Method (150-200 words maximum. This section must be clear enough for the scientific setup to be understandable and it must include statistical analysis methods with analytic techniques. Avoid giving details on standard methods. If there are any modifications on any methods they must be emphasized.)
- Results (250-300 words maximum. This section should have objective data about the problem that is the subject of the research. The concrete contributions of the conclusions to the concept of food safety need to be briefly discussed in this section.)
- Discussion (40-50 words maximum. The concrete contribution of the research problem to the concept of food safety must be briefly discussed in this section.)

Compilation Abstracts

- Title
- Main Text (A brief discussion on how these compilation subject will contribute to the concept of food safety is expected in this section.)
- Open areas on compilation which are related to food safety and not subject to research yet
- Details of at least 3 research articles of the responsible author of the abstract submissions concerning the compilation subject.

Poster Preparation and Presentation Rules

- The size of the Poster has to be 70cm (horizontal) x 100cm (vertical) in one piece.
- Poster has to include summary, introduction, method, findings, conclusions and discussion parts; references have to be indicated.
- There is no limitation for the use of colors for posters. To increase the visuality; colored forms and photos can be freely used.
- Posters have to be printed by participants themselves.
- Poster will be hang on the numbered boards designated by the Organization Committee.
- Organizers will help owners of the posters while hanging the posters.
- Owners of the posters must be present at the poster area reserved for them during the determined time at the program to inform the participants about their work.
- Posters should be removed as soon as the poster presentation time is over.
Poster Contest
The poster contest will also be held in the 7th International Food Safety Congress. Participants whose submissions has been accepted to be presented as a poster and who want to compete in the contest must submit their posters, as they will be presented, to the following email muhteber.ersin@ggd.org.tr until 20 April 2020. Posters received after the mentioned date, will not be accepted to the contest.

Abstracts that are not presented during the congress and despite being in the program or that are not submitted in time will not be published.
